There is a change of ownership of Sonbird Refuse and Recycling effective January 15, 2022, and furthermore, the Recycle Depots will be closed for 14 days effective the January 15,2022.

The Ucluelet Rent It Center Ltd. (URIC) has been providing Commercial Garbage service since September 2008. In February 2019 Ozzard Environmental Inc, a division of URIC, was successful in their bid for residential curbside garbage/recycle collection on the west coast. Effective January 14, 2022, Ozzard Environmental Inc. has acquired the assets of SonBird Refuse & Recycling. This purchase for Ozzard Environmental will increase their level of service with the introduction of a larger sorting facility.

The Recycle B.C. depots in Ucluelet and Tofino will be closed for a two-week period. The reorganization of the two locations will allow for better service of the user groups.

The Ucluelet Depot will be relocated to 317 Forbes Road, the Ucluelet Rent It Center Ltd. location, with new reduced hours in our Ucluelet Sorting facility. The Ucluelet Location will be changed to a satellite location with the main depot in Tofino. The Ucluelet Satellite location will be open on Wednesday's from 10:00am-3:00 pm. There will be some changes to what is received at the Depot. On February 02,2022 the Ucluelet Satellite location will be open at 10:00 am. A drop off location at 317 Forbes Road will be available for those effected during the closure to ensure no disruption.

The Tofino Depot will become the main sorting facility for the region. The Tofino drop off depot will be open to residents on Tuesdays and Fridays for 10:00-3:00pm.

All residential curbside collection and commercial garbage / recycle collection will remain unchanged during this time with NO disruption in service. Any current commercial customers that use the Drop off location are advised to call or email Ozzard.

Any Strata's or residential pickup that are not in the ACRD curbside collection program are to contact us. The pickup schedule will be changed to Monday and Friday to better schedule our crews. The effective date has yet to be determined.

Once again, NO change to pick up services during the transition. We have hired some of the dedicated workers to join our team to better serve you. In the coming weeks an Ozzard representative will be visiting your location to ensure we are getting it right and what we can do to assist with your refuse and recycling needs.

If you have any questions or concerns, please email, text, or call.

Thank you
Ozzard Environmental Inc
